AREAS OF PRACTICE

IN ROMANIA

- 1) Acquiring IP rights in Patents, Trademarks, Designs including oppositions, appeals;
 - We cover all technical fields. Our Patent Attorneys have long experience in patent prosecution and the technical qualification required. By tradition, the most consistent part of our patent cases entrusted to our firm is from the pharmaceutical field. Consequently we have extensive experience in all aspects deriving from this specific field such as: obtaining Supplementary Protection Certificates, data exclusivity issues, etc.
- 2) Court proceedings for cancellation and for enforcement of the IP rights.
 - Appeal proceedings in the Municipal Court of Bucharest following proceedings whose first tier is the Patent Office such as opposition for trademark and designs, revocation procedures for patents (equivalent to opposition), or appeals against decisions of the Patent Office in ex-parte procedures;
 - Nullity proceedings for patents, trademarks, designs;
 - Infringement proceedings for patents, trademark, designs.

IN EUROPE

- 1) Filing and prosecuting European Patents including related oppositions and appeals;
- 2) Filing and prosecuting Community Trademarks including related oppositions and appeals.
